Chief Engineer's Note dated 13th June 1895

No 3361 71—L F 129 94 DATED BANGALORE 7TH SEPTEMBER 1895

ORDER THEREON —In modification of the orders issued from time to time in regard to the execution of Municipal and Local Fund Works by the respective Departments the following procedure is laid down for the guidance of the Presidents of the Municipal and Local Fund Boards

1 Works proposed to be undertaken by Departmental agency should as heretofore be shown in the annual Budgets separately from those to be executed by the Public Works Department

2 As the former Works are mostly of a character that local mestris or petty contractors can carry out the Department concerned ought to be able to initiate and execute them

3 The existing rule requiring Executive Engineers to counter sign all estimates costing Rs 200 and upwards may be discontinued in future But in all special cases the Deputy Commissioners are competent to take the advice of the Executive Engineers who will be expected to furnish the necessary plan and estimates in such specially referred cases—the number of which will it is hoped be very few

The Government trust that the above procedure will meet present requirements The attention of Deputy Commissioners is invited to the orders conveyed in Proceedings No 2101 12—L F 379 92 dated 12th August 1895 and they should moreover endeavour to secure the active co operation of the members of the various Municipal and Local Fund Boards in the supervision and execution of Works of local importance in which they would be expected naturally to take interest
